

A tailor-made solution

Perfectly finished, 100% made to measure... and yet rapidly installed at your home. We will, after an informal visit, explain all the features of our stairlifts to you in detail.

Each Handicare stairlift is designed to suit your individual staircase. We use advanced PhotoSurvey technology to make accurate measurements and we have all the options available to ensure the best possible fit for your staircase.

Rail end variations – top and bottom

Drop nose
Handicare's tight-fitting drop nose rail can save having to fit a hinged track at the bottom of the stairs.

Automatic folding hinge
To avoid any obstruction at the bottom of the stairs, e.g. where there is a doorway, an automatic hinged rail with safety system is available.

A rail colour that matches
Handicare's curved rail matches every interior and is available in the colours cream-white, brown and grey.

Experience

Convenience serves people... and lifting equipment of Handicare has been doing just that for more than 125 years. With technical perfection, intelligent solutions and safe applications, Handicare's innovations have provided not only greater comfort, but also more attractive stairlifts... in your style, your taste. Top quality in all respects make the Handicare stairlift a valuable asset for independence around the home. Many satisfied users experience that every day.

Quality and safety

All our new products are delivered with 2 years warranty. A Handicare stairlift stands for high quality: quality in terms of safety, innovation, comfort and design. Furthermore, all our products are tested and approved by worldwide independent inspection services. This gives you the assurance that all our products meet the highest standards in terms of quality and safety.

Freelift Curved stairlifts

The benefits of a Freelift stairlift from Handicare

“It’s safe, attractive and even matches my interior”

“My Freelift stairlift from Handicare fits perfectly in my narrow staircase and there is still enough walking space for other stair users. It’s turned out really perfectly. And so simple to operate that I could use it right away. I’m very pleased with the silence and the comfort and feel once more safe and secure. It’s something that I should have done years ago”.

Handicare Stairlifts has produced and installed lifts for more than 125 years and has many satisfied and happy users worldwide. Their innovations take care of the most comfortable, safe and whisper quiet stairlifts. A Freelift stairlift from Handicare is not only convenient, but also beautiful and fits

any house and interior by its huge range of seats, rails and colours. Top quality in all respects makes a Handicare stairlift a valuable asset for your convenience.

You will have independence with contemporary design and maximum safety in house for a price that will certainly appeal to you. With a one-off investment you will retain your mobility and be able to stay in your own home.

Ad-hoc solutions like sleeping downstairs or moving house will become a thing of the past. A Handicare stairlift will give you comfort and safety and is a fine gesture to yourself and the people around you.

A perfect solution for every staircase

Handicare has a solution for every staircase. All Freelift curved stairlifts share the same typical features: easy to operate, whisper silent and functional design with the single tubular rail. With our different types of stairlifts we are able to place a Handicare stairlift in every type of house and provide a safe and comfortable ride up even the most complicated of staircases. The compact design allows plenty of space for other stair users.

Seat Features

Key Switch
The key can be removed to prevent unauthorised use.

Joystick
This easy to use control can be positioned on left or right arm.

Safety Belt
Fitted as standard for your protection and security.

Remote control
With light pressure on the fetch and dispatch buttons the lift is always within arm's reach.

Manual Swivel
Push down lever allows seat to be swivelled enabling safe mounting and dismounting.

Powered Swivel*
The seat will move automatically, operated by the joystick.

Footrest Linkage*
Simultaneously folds up with seat.

**Optional*

Space Saving Design
The arm rests and foot support can be folded away easily, maximising the clear space on the stairs.

45° Downward Facing Seat
The seat is able to travel downward facing at 45°. This means that where a stairwell is particularly narrow, or a user has limited knee flexion, you can fit a Freelift Van Gogh with a 45° seat and special footplate. This could avoid the inconvenience of major building adaptations, or save on the cost of a through floor lift.

A seat for every interior

Handicare Stairlifts offers you the choice of different stairlift seats, each of them available in a range of colours. There's plenty of choice, in terms of both comfort and style to suit that of your home. Because convenience can look good too.

Elegance

The new Elegance seat is lightly padded and offers a harmonious combination of elegant design and sophisticated comfort.

Upholstery Colour Choices

Classic

Elegance

Classic

The best-selling Classic seat has an attractive leather grain effect finish. Made from durable, non-slip polyurethane, it is hard wearing and easy to keep clean.

Upholstery Colour Choices

Basic

The perfect combination of ergonomic design and sitting comfort.
